PRICE TWO CENTS

ID FROM ROOSEVELT

UBAN-AMERICANS WILL APPEAL
TO THE PRESIDENT TO END
THE REVOLUTION.

USH ORDER FOR ARTILLERY

AMERICAN GUNNERS WILL MAN
GUNS BOUGHT BY ISLAND
GOVERNMENT.

New York, Aug. 24.—The Tribune says President Roosevelt will be appealed to by local Cuban-Americans and Americans with commercial interests in Cuba to use his influence to end the strife now in progress before those interests are interfered with, as it is feared they will be. One word from the president, assert the men who are behind this movement, will suffice to end the uprising.

Colonel Carlos M. Aguirre, a veteran of the last revolution in Cuba, who apparently is the leading spirit among the local Cuban-Americans who are opposed to the Palma regime, has drafted a letter addressed to President Roosevelt, which he will forward by special messenger. This calls attention to the many wrongs alleged to have been suffered by the Liberals at the hands of the government. It calls on President Roosevelt to appoint by the authority of the terms of the Platt amendment a commission to preside at a new election for president in Cuba, charging that at the last election the rights of the people were ignored and that the constitution was violated.

ORDERS RAPID FIRE GUNS.

Cuban Government Will Man Them
With Americans.

Havana, Aug. 24.—Pont Sterling, secretary of the treasury, late Thursday night cleared up in a statement to the Associated Press a misleading announcement made at the palace to the effect that the Cuban government had asked the United States for eight rapid fire guns, manned by American artillerymen, to be used in the suppression of the insurrection. The facts are, according to the secretary, that the government has ordered from an American arms manufacturing company four rapid fire guns and that these pieces will be manned by former members of the artillery branch of the American army now here. If these guns prove to be effective four or more additional guns will be ordered, and it is expected that experienced gunners can be procured in the United States to man them. The United States has not been asked to do anything in the premises.

The subject of American intervention is not much discussed here and is regarded as a remote possibility, there being general confidence that the government will be able to restore order in a short time.

The killing of the insurrectionary leader, General Quintin Bandera, Thursday in an engagement between

the rural guards and a band of his followers, is regarded as dealing the insurrection a heavy blow. The government is acting with energy in sending rural guards and volunteers against the Santa Clara rebels and in dispatching 150 more men to defend Pinar del Rio against Pino Guerra. The capture of San Juan de Martinez by Guerra's band was not a great surprise, though it was not expected to occur so soon. The place was protected by a very small detachment of rural guards, while Guerra's strength was much greater. The taking of Pinar del Rio will be quite another thing, since there are in that vicinity twice as many troops as the insurgent Guerra can muster. It is regarded as more than probable that troops will take the offensive and if possible draw Guerra into an open fight.

Insurgents Not Strengthened.

While government reinforcements are going forward Guerra's following is not believed to have been greatly augmented by the occupancy of the two Vueltita Abajo towns.

President Palma will personally defray the expenses of General Bandera's funeral.

The members of the staff of General Maximo Gomez in the last war for independence met Thursday and resolved to offer their services at the funeral. Public opinion appears to vary according to locality. In this city the general attitude is one of loyalty. The opposition and independent newspapers discuss with analytical clearness the theory that if the government is not able to quell the insurrection within two months other forceful means must be employed. There are no ringing calls to arms. The Moderate newspapers print with calmness the situation, declaring adhesion to the government by their party organizations, but there has been nothing that could be described as a general rising of the people in defense of the government.

Crestes Ferrara, who was General Gomez' campaign manager and who arrived here from New York on Wednesday, was not arrested, although a warrant was out for his apprehension. It is reported that he has joined the insurrectionists.

Unconfirmed rumors are in circulation that several hundred insurrectionists have taken the field in the province of Santiago.

A company of Havana recruits exchanged shots Thursday with a detachment of insurgents near Guines. One volunteer and a police lieutenant were wounded.

Colonel Rojas and all three of the companies of artillery stationed in the Havana forts have been ordered to Pinar del Rio, the authorities considering that Havana is sufficiently guarded by rural guards and police and the new city guards.

Pino Guerra has sent threatening messages to members of the Agrarian league stating that he will pillage their plantations if they organize forces against the insurrection.

In consequence of Guerra's threats against the Western railway, orders have been issued to permanently guard every railroad bridge between Pinar del Rio and San Juan de Martinez and to erect breastworks opposite each bridge to be occupied by troops.

The editor and reporter of the newspaper La Vida have been imprisoned for questionable utterances.

FIELD BATTERY OF ARTILLERY.

Carried by the Esperanza for the Cuban Government.

New York, Aug. 24.—Although it could not be officially confirmed, it is reported here that the steamer Esperanza, which sailed for Cuba Thursday, carries in her hold a complete field battery of artillery consigned to the Cuban government. Captain Luis More of the Cuban artillery, who has been in this country with his wife on leave of absence, was hurriedly recalled to Havana and sailed on the Esperanza. He caught the steamer only after an exciting effort, being obliged to charter a tug, which overhauled the steamer down the bay. The trip in the tug had been preceded by an anxious train ride from Washington and a drive at full speed in a cab to the steamer's pier.

Among the other passengers on the steamer was a son of General Miguel Gomez, former governor of Santa Clara province and leader of the Liberal party, who is under arrest for complicity in the insurrection.

ASSUMING GRAVE PROPORTIONS.

Cuban Revolution Causes Alarm Among Exporters.

Tampa, Fla., Aug. 24.—A private cablegram from one of the largest exporting firms in Havana to its correspondent here says the revolution in Cuba is assuming grave proportions. The situation has created much alarm here and it is noticed that all ships arriving from Havana are crowded with shipments of tobacco, indicating that importers here feel great anxiety and are getting as much tobacco out of Cuba as possible before it may be impossible to bring shipments out of any Cuban ports.

JEWES ARE ALARMED

FEAR A MASSACRE AT SIEDLCE,
POLAND, SIMILAR TO THAT
AT BIALYSTOK.

EXCESSES ON THE INCREASE

PEASANTS INDULGING IN THE
PILLAGING AND DESTRUCTION OF ESTATES.

St. Petersburg, Aug. 24.—There is great alarm in Jewish circles in Russia over developments at Siedlce, Poland, where events seem to be shaping up for the outbreak of a program similar to that at Bialystok. The developments parallel almost exactly the preliminaries of the Bialystok massacre.

A long series of revolutionary and terrorist signs have been attributed by the police to the Jews, culminating, as was the case at Bialystok, in the assassination of the chief of police, Goltseff. The funeral of M. Goltseff was the occasion of a great demonstration by the Russian population. The condition of feeling is shown by the refusal of Goltseff's widow to receive a wreath sent by a Jewish society as a mark of its disapproval of the assassination. A similar incident occurred at Bialystok.

It now develops that after the explosion of a bomb in a street of the Hebrew quarter and which, according to the official explanation, was accompanied by revolver firing from four Jewish houses, the troops opened a general fusillade in which seven Jews and one Christian were killed and many wounded. Thirty-three Jews were arrested on the spot on suspicion of complicity in the bomb throwing and firing. The Jews in panic are now fleeing from the city.

Not Far From Bialystok.

Siedlce is in the province of the same name, which adjoins the province of Grodno, in which Bialystok is located, and the two cities are about sixty miles apart.

Aside from the province of Stavropol, the Northern Caucasus agrarian situation is now more serious in the province of Poltava and Vlardimar, where the peasantry are indulging in the customary pillaging and destruction of estates and incendiaryism, employing for the latter purpose phosphorus, with which they have been supplied by the revolutionary organizations.

Excesses are increasing, and sporadic disorders are reported in the provinces of Moscow, Yaroslavl, Vohynia, Simbirsk, Kazan and Yekaterinograd.

Premier Stolypin has sent a circular to all governors ordering them to employ the most energetic measures to prevent the peasantry from taking possession of private estates, to which they are being incited by the revolutionists.

The disaffection of the Cossacks at Novo-Tcherkask, which resulted in the sending of infantry to disperse peasant gatherings, culminated in the slaying of the Cossacks' commander while he was with his men. The circumstances of the affair are not yet known.

LAND HUNGER OF PEASANTS.

Conference at Peterhof Decides It Shall Be Appeased.

St. Petersburg, Aug. 24.—An important series of conferences has been held at Peterhof on the question of the immediate distribution of the crown lands and appanages to the peasants, in an attempt to find a partial solution of the agrarian question by measurably appeasing the land hunger of the peasantry, and the Associated Press is now in a position to announce that the government has definitely decided to proceed with the original plan outlined in press dispatches of Aug. 7 for settling the agrarian question regardless of parliament and go to the country upon the issue at the coming election. The Associated Press was informed by a member of the cabinet who participated in the Peterhof conferences that the agrarian question is no longer open. Within a fortnight an imperial ukase will be issued directing the agrarian commission to begin the distribution of 1,800,000 dessiatines (a dessiatine is about two and a half acres) belonging to the appanages, 4,000,000 dessiatines belonging to the crown, and 2,000,000 dessiatines of land offered to or purchased through the peasants' bank. Only the forests and lands belonging to the state, the preservation of which is considered necessary for the future agricultural prosperity of the country, will be reserved. The transaction will be financed by the peasants' bank. Little cash will be required.

ONLY IN THE IMAGINATION.

Existed the Plantations of the Tabasco-Chiapas Company.

Chicago, Aug. 24.—Plantations existing only in the imagination of the promoters of the concern, coffee grown only in the sacks of the New York importers—these are alleged to be the total extent of the assets of the Tabasco-Chiapas company, whose officials were arrested on a charge of fraud and released on bonds of \$200,000.

The concern was called a "trading and transportation company," but, according to the detectives working on the case, the transportation was mostly of the money of the victims into the coffers of the treasurer, and the trading, such as was compulsory, was done with McLoughlin & Co., a New York firm.

The attorneys for the complainants allege that the Tabasco-Chiapas firm is a stock jobbing concern, purely and simply, and the capitalization, which is alleged to be \$1,000,000, and all paid up, is totally imaginary.

The postoffice inspectors will take vigorous measures against the concern.

The most important developments of the day in the case of Henry D. Bushnell and I. H. Miller, president and treasurer, respectively, who have been accused of working a swindling scheme in connection with their other interests, was a statement given out by Detective C. R. Woodbridge to the effect that these men have recently established a chain of offices over the country for the sole purpose of swindling stock purchasers. Woodbridge asserts that the United States Post and Fuel company, Chicago, has within a short time incorporated the Imperial Light, Heat and Power company at Montreal, the Mankato Peat and Fuel company at Mankato, Minn.; the Boston Fuel company at Boston, Mass.; the Green River Fuel company at Green River, Ill., and probably one or two more companies intended only as concerns in which stock may be sold.

CAUSED BY YOUNG SPARROWS.

Epidemic of Typhoid Fever in a Michigan Town.

Three Oaks, Mich., Aug. 24.—The cause of an epidemic of typhoid fever among the 1,000 inhabitants of this place was discovered when a member of the board of health climbed to the top of the waterworks standpipe and found the dead bodies of several thousand young sparrows in various stages of decomposition covering the surface of the water. Immediately the mayor gave instructions to empty the standpipe, scrub and paint it. Hundreds of sparrows' nests have been built on the ledge that runs around the summit of the standpipe and the young birds are supposed to have fallen into the uncovered standpipe while trying to fly. There are now twenty-one cases of typhoid fever in the town.

SOUGHT AID FOR COMRADES.

Gallant Fireman Thought They Were More Severely Hurt Than He.

Atlantic City, N. J., Aug. 24.—Though fatally scalded by the explosion of several tubes in the boilerhouse of the Absecon pumping station, Joseph Medara, one of the firemen employed in the place, ran a quarter of a mile to the chief engineer's home to procure aid for his two fellow employees, whom he believed to have been more seriously injured than himself. He fell unconscious as he told of the accident and was rushed to a hospital in an automobile, where he died in a few hours. His comrades were only slightly hurt, as they did not receive the full force of the escaping steam.

POLICEMAN KILLS HIS WIFE.

Also Shoots a Man With Whom he Found the Woman.

St. Louis, Aug. 24.—Michael McNamara, a giant policeman of the Broadway squad, shot and killed his wife and then sent a bullet through the head of James Brophy when he found the two in the clerk's office of the Royal hotel at night. Mrs. McNamara was shot in the back and fell down stairs. The policeman gathered the body in his arms and kissed her as she died. The policeman had followed his wife from home to a saloon, where she met Brophy.

Ohio Soldier Murdered.

Stubenville, O., Aug. 24.—A mysterious murder of a private soldier of the Second Ohio national guard, who was in the military maneuvers near Bolivar, is reported from Zoar. The body, which has been identified as George Grazer of Hicksville, O., was found in a corn field near Zoar by a farmer. It was cut up and the person had been shot.

Sons of Veterans Elect Officers.

Peoria, Ill., Aug. 24.—The national convention of Sons of Veterans closed their sessions here with the election of officers and the selection of Dayton, O., as the next meeting place. Edward Amies of Altoona, Pa., was elected commander-in-chief. The ladies' auxiliary elected Mrs. Julia Monihan, New York, as president.

H. F. MICHAEL CO.

IN A STATE OF SIEGE

GOVERNOR BLANCO OF VALPARAISO PLACES CITY UNDER MILITARY LAW.

EARTHQUAKE VICTIMS BURIED

SIX HUNDRED AND FORTY-EIGHT CORPSES INTERRED IN THE STRICKEN CITY.

VALPARAISO, Aug. 24.—Fernandez Blanco, governor of the province of Valparaiso, has proclaimed the city of Valparaiso in a state of siege and has conferred supreme authority on Navy Captain Gomez Carreno. The prefect of police is charged with the duty of collecting and distributing food. One of the first acts of the military governor was to issue an order that any persons found breaking watermains should be shot. The water supply is fairly adequate and repairs are actively progressing in places where a large number of mains were broken during the earthquake.

The mayor's office is now in Victoria square, beside the governor's tent.

The whole of Victoria street is illuminated by electric lamps. Two other streets also are lighted, and Cerro and Alefres streets will soon be lighted. Electric cars already are running between Baron station and Beccreo.

The total number of corpses buried up to Tuesday, Aug. 21, was 648.

At Laialal there is not a single wall in good condition. There were thirty persons killed there.

The earthquake was very severe at Concon and Colmo. The number dead in those places is twenty-five.

Meat and bread are scarce. Meat is now being distributed by the authorities. The grocery shops that were not destroyed by the earthquake are now nearly out of stock. Canned meats, sardines, condensed milk and biscuits are now much needed.

The weather is somewhat cloudy. Sanitary conditions are being established in the encampments and most of the people are light hearted, though four or five earthquakes of moderate violence are experienced daily. The Red Cross is caring for thousands of injured.

Long Deadlock Broken.

Eagle Grove, Ia., Aug. 24.—In convening here Thursday after being in a deadlock at four previous conventions, the Republicans of the Thirty-seventh district nominated Charles F. Peterson of Clarion for state senator on the first ballot. In all 3,699 ballots were taken.

Shoots Her Daughter by Mistake.

Springfield, Ill., Aug. 24.—Maud Kyler, fourteen years old, is dead at her home in Taylorsville of a revolver wound inflicted by her mother, who mistook her daughter for a man who had been annoying the family and shot her.

Big Log Raft at San Francisco.

San Francisco, Aug. 24.—The steamer Francis H. Leggett has arrived here from Astoria, having in tow the largest log raft that has ever come into this harbor. It contains 11,000,000 feet of lumber, is 740 feet long, 60 feet in breadth and draws 24 feet of water.

CLERK APPOINTED ASSIGNEE.

Will Have Charge of Assets of M. J. Sage & Co.

New York, Aug. 24.—William H. Beverly, formerly chief clerk in the employ of the concern, has been ap-

pointed assignee of the suspended stock commission house of M. J. Sage & Co., which had its principal offices in Jersey City, with branches throughout the country. Mr. Beverly stated that in checking over the accounts he found the liabilities to be about \$230,000, with assets of \$116,000. He also stated that he had filed a bond of \$300,000 with the United States Fidelity and Guaranty company of Maryland as surety. All assets are to be delivered jointly to Mr. Beverly and the guaranty company.

WIND BRINGS RELIEF.

Cool Breeze Sweeps Over the City of Chicago.

Chicago, Aug. 24.—A wind blowing at the rate of twenty-five miles an hour from the northeast brought relief from the hot spell that has prevailed here since last Monday. The temperature dropped 14 degrees.

Up to noon the heat continued unabated except for a short while, adding seven deaths and seventeen prostrations to the list of victims. The mercury at 10:30 stood at 88 degrees, the highest point reached during the day, the minimum, 74 degrees, being recorded during the evening.

North Carolina Negro Lynched.

Columbia, S. C., Aug. 24.—William Spain, a North Carolina negro, twenty-one years old, was shot to death by a mob near St. George, Dorchester county. This is the third lynching in South Carolina within ten days. Spain was captured after being frightened away from the home of S. L. Connor, which he was trying to enter.

Score of Lives Endangered.

Chicago, Aug. 24.—Fire on board a merchandise lighter in the Chicago river at night endangered the lives of twenty men. Several leaped into the river and were rescued with difficulty. Explosion of blank cartridges and the igniting of barrels of benzine, which formed part of the cargo, created a panic among men.

Long Deadlock Broken.

Eagle Grove, Ia., Aug. 24.—In convening here Thursday after being in a deadlock at four previous conventions, the Republicans of the Thirty-seventh district nominated Charles F. Peterson of Clarion for state senator on the first ballot. In all 3,699 ballots were taken.

Shoots Her Daughter by Mistake.

Great Relief

During that trying period in which women so often suffer from nervousness, backache, sick headache, or other pains, there is nothing that can equal Dr. Miles' Anti-Pain Pills. They stop the pains, soothe the nerves, and give to

Women

the relief so much desired. If taken on first indication of pain or misery, they will allay the irritable condition of the nerves, and save you further suffering. Those who use them at regular intervals have ceased to dread these periods. They contain no harmful drugs, and leave no effect upon the heart or stomach if taken as directed. They give prompt relief.

I have been an invalid for 9 years. I have neuralgia, rheumatism and pains around the heart. By using Dr. Miles' Anti-Pain Pills I am relieved of the pain, and get sleep and rest. I think had I known of the Pain Pills when I was first taken sick, they would have cured me. I recommend them for periodic pains.

MRS. HENRY FUNK, E. Akron, O.
Dr. Miles' Anti-Pain Pills are sold by all druggists, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.
Miles Medical Co., Elkhart, Ind.

Weather

Forecast—Rain and warmer.

The senatorial fight in Todd county has reached the poetic stage.

ARMOUR has closed the deal for the twin city packing plant site despite the opposition of St. Paul and to the delight of Minneapolis.

GEN. H. W. CHILDS, formerly attorney general of the state, is critically ill with appendicitis at St. Paul.

The 3,699th ballot nominated a state senator in the 37th Iowa district. C. F. Peterson, of Clarion, will be the republican standard bearer.

According to the Minneapolis Journal, which seems to be managing democratic congressional matters in the sixth district, a plan has been laid to clean up Congressmen Buckman by the democratic forces this fall. The Journal intimates that if Mr. Buckman is nominated an independent candidate will be put in the field by the democrats to do the job. There need be no worry on this score, for Mr. Buckman has been elected over democratic opposition each time by an increased majority and the attempt to throw a scare into the Buckman supporters who are not acquainted

with the tactics of the Journal will not have the desired effect. The democrats certainly are not showing any great amount of assurance when they fail this year to even put up a candidate for nomination which bars them from a party candidate at the election. Taking advantage of this, papers like the Journal are endeavoring to make capital by claiming it a preconcerted plan to join forces after the nomination and defeat Mr. Buckman. The assertion is an admission of weakness by the opposition and shows clearly that they believe Congressman Buckman will defeat his opponent for the republican nomination at the primaries on Sept. 18th, a fact that is becoming more apparent every day.

(Extract from letter which explains itself)

The Liverpool & London & Globe Ins. Co.

Chicago, Aug. 13th, 1906.

SAN FRANCISCO CONFLAGRATION.

"The confident announcement made that our home office would furnish the needed funds to maintain the surplus of our United States branch has been fully realized, the Home Board having passed a resolution clearly expressive of that intention, and in furtherance of this, remittances have been made to date to our San Francisco office of \$3,500,000.00, all drawn from abroad.

"We have made settlements with 167 of our claimants up to the date of our last advices, August 9th, amounting to \$3,432,964.00, and by the close of our month fully ONE MILLION will be added to that total. Every loss has been paid immediately on adjustment, and this course will be strictly followed until our last liability has been discharged.

"The honorable record made by this Company in the large conflagrations of Chicago, Boston, Baltimore and San Francisco we believe should commend the policies of this Company to all desiring first-class indemnity, and we confidently ask that we be judged on our record and favored with whatever confidence we may deserve."

THE BEST

FAIR OF ALL

Minnesota State Fair of 1906

to be a Most Significant One.

DAN PATCH WILL BE FEATURE

It Opens on September 3rd with an Address by James J. Hill.

The Minnesota State Fair of 1906 now promises to be the most significant occasion in the history of agriculture in the northwest.

The great livestock amphitheater which will be opened and dedicated on Monday Sept. 3, the opening day of the fair, stands for diversified agriculture interests in the northwest and shows the importance of the livestock industry as a factor in the agricultural life of this region. It is the finest and largest livestock amphitheater of all the buildings in the country devoted to its uses. It means in a way that Minnesota is going to be one of the greatest livestock states in the union. It means too that the work of the Minnesota state fair of past years has borne fruit—that the state is already one of the leaders in the breeding of fine cattle.

The latter fact is emphasized too in the sale of shorthorn cattle during the fair. A large proportion of the animals to be offered for sale are from Minnesota farms—and the others from farms in Iowa, Wisconsin and the Dakotas—not far away.

James J. Hill a lifelong patron of husbandry and especially of livestock breeding is to make the address of dedication at 11 o'clock on Monday, opening day. Mr. Hill is always an interesting speaker and on this occasion is likely to outdo himself as the time and occasion will be of very great personal interest to him.

Late reports from the fair grounds show that the fair will be larger than

ever in all the matters of exhibits, animals, etc.

In the farm machinery division every foot of space is taken—this means the largest farm implement and machinery exhibit ever made at any time or place.

The opening of the new livestock amphitheater naturally attracts a large showing of animals. There will be three great auction sales of purebred stock. Swine will require extra room although the great swine exhibition building is the largest in the world.

On the amusement side the fair will be exceptionally strong. Programs before the grand stand will be given both afternoon and evening high-class racing being a prominent feature with clean and novel vaudeville, specialties, balloon ascensions, etc., as prominent feature. A six day's Ladies' Relay Riding race will be one of the popular events. "Moscow" will be burned in pyrotechnics each evening.

On Monday Dan Patch and Creceus will go against their own world's records—an event of intense and entirely unusual interest.

Hay Fever and Summer Colds

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if should fail to cure you it will give instant relief. The genuine is in a yellow package. H. P. Dunn & Co. eoddw

Dishwasher wanted at the National hotel. 69t3

The doctors used to bleed mankind, For every ill that they could find, But now they're wiser said one to me, And give instead Rocky Mountain Tea.

We have Winchester, Savage and Marlin Rifles, Winchester and Double Barreled Shot Guns.

PRICES ALWAYS THE LOWEST.

Slipp-Gruenhagen Co.

217-219 South 7th Street.

MANY MEN

ARE WANTED

Demand for Laborers in Brainerd Far Exceeds Supply this Summer

SHOPS WANT MORE MEN

Cross Lake Logging Company

Also Said to Want Several Hundred Men

There was never a time in Brainerd when it was harder to get common labor than it is right now. The shops are in need of at least one hundred more men, as has repeatedly been stated in this paper. There is a demand for men for the building of the tie preserving plant, and there is also a big demand for men in the woods north of here. The Cross Lake Logging company alone is reported to be short at least 200 men on the number they would like to employ. The fact that there is a heavy demand for labor all over the country makes it hard for Brainerd to get the required number of men to do the work in sight. The street commissioner has been handicapped all season by lack of help, finding it impossible to hold men against the allurements of the Dakota wheat fields.

Time changes ideas and conditions. There's a lot of things which the up-to-date young woman of today does which are good for the body and health. She takes Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.

For Labor Day

The following committees have been appointed for the Labor Day celebration:

Arrangements—Steve Gartner, Chas. Robertson, Wm. Deering and Jacob Kaupp.

Music—T. A. Gatten.

Speakers—Jacob Kaupp, Otto Lundberg.

Ball—Arthur Witham, T. A. Gatten, John Bye.

R. L. Weeks was appointed chief Marshal of the parade and authorized to appoint two aides.

The parade is announced to start promptly at 9 o'clock a. m. The column will form on Third avenue in East Brainerd, the right resting on Kindred street, and will move west on Kindred street to Kingwood thence to Fourth, south on Fourth to Eighth south on Eighth to Laurel, west on Laurel past the speakers stand, countermarch and dismiss after honors.

The speaking will take place immediately after the parade, from a platform at the corner of Laurel and Fifth streets.

A special meeting of the Trades and Labor assembly will be held on Wednesday evening, Aug. 29th, for the purpose of drawing for places in the parade.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

Great Western Opposes Tax

St. Paul Dispatch: An answer has been filed in the district court by the Chicago, Great Western Railway company, to a suit brought by the state of Minnesota under the law of 1905, requiring railroads to pay a 4 per cent. gross earnings tax in place of the former 3 per cent. tax.

This law was framed by the legislature in 1903, was adopted by the popular vote in 1904, and became effective in 1905. The railway admits that the gross earnings for the year, 1905, were \$1,248,980.93, and that on those earnings the taxes duly and regularly levied, at 2 per cent., were \$24,979.62, which were paid.

The railway company claims that it is not bound to pay more than 2 per cent gross earnings tax, because of a special charter and contract on the part of itself and its predecessors with the state, and that to insist now on the payment of a 4 per cent. tax is in contravention of the United States constitution in that it impairs the obligation of a contract and that the law as to it is, therefore, null and void. The railway company demands judgement to that effect, and that the tax be held to be 2 per cent.

The company sets up the consolidations with the Minnesota & Northwestern and the Chicago, St. Paul & Kansas City into the Chicago, Great Western, with all rights and franchises accruing, including the contract for the 2 per cent gross earnings tax, and that this tax has been duly paid since the time of the construction of the Minnesota & Northwestern in 1885.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can one do. H. P. Dunn & Co. eoddw

The DISPATCH will be delivered at your door for 40 cents per month.

WHITE BROTHERS

GET CONTRACT

Baptist Church will be Built at Once—to be Ready by Christmas.

TOWER WILL BE BUILT LATER

The Entire Cost of Completed Church to be in Neighborhood of \$7,000.

The contract was let last night for the construction of the new Baptist church, White Brothers of this city getting the contract. The plans were changed from those first proposed, the St. Paul architect having sent a set of plans, the brick and cut stone work of which would have cost more than the estimate on the entire building. The plans which will be used were drawn by I. U. White of this city and the total cost of the building, when completed, will be somewhat over \$7,000. There is no definite date set in the contract, but Mr. White has promised to have it completed by Christmas and as much before as possible.

The edifice will be of brick, with stone sills and window caps, and will have a seating capacity of 300. There will be a tower which will not be put on until later.

There will be a large memorial window in the front of the church the gift of Mrs. C. F. Kindred, of Philadelphia. Chipped glass will be used for the other windows for the present, it being hoped to get memorial windows for all later.

A space of eight feet wide across the building will be excavated and walled for furnace and coal room, but there will be no other basement under the building.

See Bane's show windows for Friday and Saturday.

COLONY ON MILLE LACS

100 Jewish Families are Preparing to Settle on the South Shore of That Lake

Minneapolis Journal:—More than 100 Jewish families of Minneapolis are preparing to found an agricultural colony on the shores of Mille Lacs. The land has been secured, payments have been made and the movement is well under way. The fate of the colony will be watched with great interest, as the charge is often made that the Jews are not workers or producers as tillers of the soil. The leaders of the race argue that there are several reasons why their people do not seek the soil like many other nationalities. One reason, they say, is that they are not permitted to own land in certain countries and hence have little or no experience in agriculture. Again, most of the Jewish immigrants are poor and have not the means to locate themselves on farms.

The lead in the present movement is taken by the Hebrew Colonization society of Minneapolis, of which Moses S. Winthrop is president and L. Rosen secretary. Mr. Winthrop said today that the society had just closed a deal for 10,000 acres in one tract near the south shore on Mille Lacs.

See Bane's show windows for Friday and Saturday.

A DANGEROUS MISTAKE.

Brainerd Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

"Tis a mistake to neglect these troubles. To blame the child for its own distress. Seek to cure the kidneys—Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys. Brainerd parents recommend them.

Mrs. S. T. Swanson, of 409 Ninth St., S., Brainerd, Minn., says: "We think a great deal of Doan's Kidney Pills. We recently got a supply at H. P. Dunn & Co.'s drug store for two of our children who were suffering from weakness of the kidneys. They were both quickly benefitted by the use of Doan's Kidney Pills and it was only a short time after beginning the treatment when the irregularity of the kidney secretions was corrected and the distress and annoyance removed. Parents should appreciate the value of Doan's Kidney Pills in cases of children afflicted with kidney weakness. Their action is quick and sure and they are absolutely harmless."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

CAUSES OF HAY FEVER

Hyomei the Only Relief. Gives Change
of Climate in Your Own
Home.

With the coming of August many
people suffer with storms of sneezing,
running of the eyes and nose and a
stuffed up feeling in the head.

The direct cause of this so-called hay
fever appears to be heat, dust and the
pollen of flowers. Although the disease
may occur at any season of the year, it
is most common and severe in August
and September, and a preventive treat-
ment should be adopted at least a couple
of weeks before the disease is due.

Before the discovery of the remark-
able effects from the use of Hyomei,
the only relief for the hay fever suffer-
er was in change of climate but the use
of Hyomei enables anyone to breathe
the air at home which is like that of the
Adirondacks, the White Mountains or
other health resorts where healing bal-
sams fill the air with germ destroyers.

Those who are subject to hay fever
should begin using Hyomei at once and
prevent the disease, or if the disease is
present now, breathe Hyomei six or
seven times daily and also rub Hyomei
Balm thoroughly into the nose both
morning and night. This will relieve
at once and give a permanent and speedy
cure.

The complete Hyomei outfit costs un-

ly \$1, extra bottles 50c. H. P. Dunn &
Co. offer to refund the money of Hyomei
does not do all that is claimed for it.

For all kinds of cement contracting
come and see me. I am prepared to do
anything in the cement line. Have
also a cement block machine and can
make anything from a hen coop to an
auditorium and will guarantee all work,
replacing any that does not give satis-
faction. J. F. VAUGHN,
819 Main St.

Men Past Sixty in Danger

More than half of mankind over sixty
years of age suffer from kidney and
bladder disorders, usually enlargement
of prostate glands. This is both pain-
ful and dangerous, and Foley's Kidney
Cure should be taken at the first sign of
danger, as it corrects irregularities and
has cured many old men of this disease.
Mr. Rodney Burnett, Rockport, Mo.,
writes: "I suffered with enlarged pros-
tate gland and kidney trouble for years
and after taking two bottles of Foley's
Kidney Cure I feel better than I have
for twenty years, although I am now 91
years old."

H. P. Dunn & Co. eoddw

Low Rate Excursion to New York City.

On August 28th and 29th, the Nickel
Plate road will sell tickets to New York
City and return, at rate of one fare
plus \$2 from Chicago. Return limit,
September 4th, leaving New York City.
For detailed information call on or ad-
dress John Y. Calahan, general agent,
107 Adams St., Chicago.

Farm, Home & Garden

Short, pointed statements of methods and re-
sults in Crow Wing county are requested for this
column. Address all communications to Farm
Editor, Box 1516, Brainerd, Minn.

Household Hints.

One of the best ways to stop a mouse
hole is to fill it with common laundry
soap. This will prevent the mice from
gnawing through again in the same place.

If in whipping cream the amount of
cream is limited add the white of an
egg, which will increase the quantity
without hurting the flavor and will
make it whip much quicker.

If you have a pane of glass to put in
and wish to remove the old putty, heat
your poker redhot and apply quickly to
the putty, being careful not to touch
the woodwork or you will scorch it and
so discolor the paint. When the putty
is thoroughly heated slip a knife be-
tween it and the wood, and the putty
will come off easily, leaving the wood
smooth and clean.

Ripening Tomatoes in the Dark.

It is a fact not generally known that
tomatoes will ripen better when kept in
the dark than when picked and placed
in the sunlight. One may have ripe
tomatoes until nearly Thanksgiving by
spreading them out in a dark place.
They should be examined at least once

a week and those that have ripened
used, and any that show signs of rot-
ting removed.

American Farmer.—Among the New
Englanders one hundred years ago a
young woman was not eligible for mar-
riage until she could cut a loaf of
warm bread without creasing. We sup-
pose the average farm girl nowadays
could stand this test, but to be certain
she might try it on occasionally. We
should think, however, that a knowl-
edge of baking the bread was even more
important than its cutting.

American Farmer.—Ice men seem to
rank high as grafters. One of them in
Kansas City testified that he started
business three years ago on a capital of
\$600 and made \$15,000 the first year.
Now he owns a plant worth \$400,000 and
thinks the price of ice is not high
enough. Some of these fellows ought
to be confined in their cold-storage cel-
lars until they have some of the nerve
frozen out of them.

What a New Jersey Editor Says
M. T. Lynch, of the Phillipsburg, N.
J., Daily Post, writes: "I have used
many kinds of medicines for coughs and
colds in my family but never anything
so good as Foley's Honey and Tar. I
cannot say too much in praise of it."

CONSULTS WITH CORTELYOU.

President Roosevelt Talks Over Polit-
ical Situation With Him.

Oyster Bay, Aug. 24.—President
Roosevelt consulted Thursday with
Postmaster General Cortelyou, who is
also chairman of the Republican na-
tional committee. It is believed that
the president's keen interest in the
congressional campaign has prompted
him to gather political information
from every source, and that Mr. Cor-
telyou's discussion with him was main-
ly on the political situation.

Brigadier General J. Franklin Bell,
chief of staff, and Captain Hutchinson,
his aide, were in conference with the
president regarding the settlement of
the difficulty at Brownsville, Tex.,
caused by alleged indiscretions of col-
ored troops stationed there. The
troops have been removed and the
post will temporarily be abandoned.
Until this is accomplished a company
of white troops will guard the govern-
ment property.

Gifford Pichot, chief of the bureau
of forestry of the department of agri-
culture, was also a visitor at Sagam-
ore Hill. He will take to the Boise,
Ida., irrigation congress an autograph
letter from the president in which the
work under the reclamation act, which
the president signed, will be commended
strongly.

There is more Catarrh in this section of the
country than all other diseases put together, and
until the last few years was supposed to be in-
curable. For a great many years doctors pro-
nounced it a local disease and prescribed local
remedies, and by constantly failing to cure with
local treatment, pronounced it incurable. Science
has proven Catarrh to be a constitutional disease
and therefore requires constitutional treatment.
Hall's Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the only consti-
tutional cure on the market. It is taken internally
in doses from 10 drops to a teaspoonful. It acts
directly on the blood and mucous surface of the
system. They offer one hundred dollars for any
case it fails to cure. Send for circulars and testi-
monials.
Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

Police Captain Killed.
Stavropol, Aug. 24.—Captain of Po-
lice Avगतoff was killed in a neigh-
boring village while attempting to ar-
rest three agitators.

One Killed and Five Injured.
Wilkesbarre, Pa., Aug. 24.—An ex-
plosion occurred in No. 9 colliery of
the Wilkesbarre Coal company, in
which A. W. Vincent, a miner, was
killed, his son William fatally injured
and four other men seriously burned.

WARNING
If you have kidney and bladder trou-
ble and do not use Foley's Kidney Cure,
you will have only yourself to blame for
results, as it positively cures all forms
of kidney and bladder diseases. H. P.
Dunn & Co. eoddw

Yellow Fever Situation.
New Iberia, La., Aug. 24.—The fol-
lowing is Dr. Irion's statement on the
yellow fever situation here: "Situa-
tion unchanged. No new cases. San-
itary work progressing rapidly. Source
of infection not discovered."
